Abacus In-Home Tutoring	In-home tutoring

Enrollment Process

Enrollment packets were mailed to parents of qualifying students announcing open enrollment and providing them with provider applications and information. Parents had until October 21 to return the forms. A provider fair was held October 11-12 for an opportunity for parents to meet the providers and sign up. Due to limited spaces, students with the greatest academic need will receive first priority. Parents are encouraged to check back for availability of tutoring spaces after the initial enrollment. Enrollment for 2011-2012 is now closed, and a wait list exists.
