We prepare our students for college through a rigorous arts-infused program.

Hello West Gary Families,

This week, we are seeing uncharacteristically warm temperatures in our area. Something that is not uncharacteristic, however, is our scholars' ability to turn their behavior around and demonstrate what it means to be WGLCS scholars. Not only have our suspensions declined since a high of 82 in September, they are now half of that. I am also seeing more scholars focused on learning as I walk through classrooms and demonstrating that they can begin to solve their own problems. These are true signs that we are preparing scholars for college (and beyond.)

Have a great week, and happy holidays!
