Academic Services: Lighthouse Academies provides the school with ongoing academic support to ensure success for all students and staff. The Lighthouse Academies education model fuses together academic and social curriculum, assessment and professional development to provide a comprehensive model for our school. We pride ourselves on utilizing the most current research-based programs and instructional practices with both students and instructional staff to ensure we reach our mission and prepare our students for college.

- **Curriculum Support:** In order to meet and exceed state and Lighthouse Academies' standards, we utilize research-based programs and instructional strategies anchored in arts infusion. We provide instructional tools, such as curriculum guides, pacing frameworks, and assessment guidelines.
- **Professional Development:** Lighthouse Academies provides ongoing, sustained professional development throughout the school year to both school leaders and instructional staff. Lighthouse Academies also plans and delivers a weeklong National Professional Development Summit annually for all teachers and school leaders.

Operational Services: Lighthouse Academies, Inc. ensures that the proposed school progresses smoothly from conception to operation.

- **Board Development:** Lighthouse Academies organizes and works with a group of committed local leaders to provide local guidance and oversight for the school.
