Lighthouse Ledger

Volume 4, Issue 4

September 6, 2011

We prepare our students for college through a rigorous arts-infused program.

The Well Rounded Scholar– The importance of extracurricular activities and volunteerism

Many colleges are looking for students who not only can make the grade, but also contribute to their campuses. That is why it is so important that students get involved.

If your child is active in church, in the community, or within their school, please help your child keep track of it by using their planners that they received last week.

To help scholars round out their activities, stay tuned to the CPA Lighthouse Ledger for start dates on clubs and activities. Most organizations require at least a 2.0 grade point average to participate. Also, students are required to complete at least 80 hours of community service to graduate from Lighthouse. We will have opportunities throughout the year to help scholars obtain those hours.

Quoting an admissions counselor from Johns Hopkins University, “We would rather have the student with a 3.5, good test scores, and a history of community involvement and activities, then the 4.0 student with perfect test scores with no activities.” Let’s work together to make this happen.

CPA Parent Meeting– Thursday, September 8, 2011 6-7pm

Mr. Gardner is inviting all parents and guardians of CPA scholars to join him for the first parent meeting of the year. It is very important that you make it out for this planning meeting. Please get involved. CPA cannot function without the parents and loved ones.

Upcoming Dates and Events

Weekly Progress Reports starting Wednesday, September 7th.

EXPLORE/PLAN Testing– Wednesday, September 14th.
